If we ate Sustainable & Local Food, we would solve a lot of the world’s problems. There are a number of ways to reduce food insecurity and the environmental problems conventional farming causes. At the Shi Center, we are working with students and the community to do just that.

Educating Furman Students:

**Food Miles**

**Local Economy**

**Land Degradation**

**Climate Change**

**Obesity Rates**

**Happiness for All**

Special guests:
Ken Kolb (Sociology) and Dan Weidenbenner (Mill Village Farms)
