(My daughter) is happy, challenged, involved and having a tremendous experience in all that Furman has to offer. I am amazed at the opportunity ahead of her with her study away this fall in New Mexico and Africa. **The Furman Advantage is simply a gem.**

## ANDREW '93 AND CAROLYN COOK '92 WEEKS:

Parent of student in class of 2021  
I believe in this institution and the newly developed Furman Advantage. Both my husband and I are alums, and now our daughter Ashley is going to be a member of the class of 2021!

Future students, **Furman University will change your life and future.**

If you want to grow in all areas of your life, Furman is the place. @RockyCouch

I was a student-athlete on the softball team at Furman. It shaped me into the person I am today. I give to Furman because I want current student-athletes to have the **best experience possible.**

—Jessie Homesley '12

As so many, I remember **the moment I drove through the Furman gates as an incoming freshman** as if it were just yesterday. I was a little nervous and not entirely certain it was real! Those next four years shaped the person I am today, and I wouldn't trade my experience for anything. To the class of 2021, welcome home, and I hope you will take advantage of all that Furman can do to shape your future.

Sandra Snow Snipes and I met in Dr. Bates' English class. We started dating about a year later and married after graduation in 1969. Both of us worked at Furman, worked summer jobs, and borrowed money to attend Furman. I accepted a scholarship of \$600 to play football, but tuition increased by \$200 before I could enroll. We give because the needs will always exceed the scholarships.

—Frank and Sandra Snow Snipes '69

**Furman provided me with experiences and education that completely opened my world. I want to do the same for others.**
