Fun facts and figures about The Furman Advantage

Furman is improving access to and the quality of high-impact engaged learning experiences as part of The Furman Advantage.

In October 2017, the internships office and the alumni office developed a new program, Engaged City, piloted in Greenville, which connects sophomores to alumni. The students then spend a day exploring their interest in an organization while learning and applying networking skills.

This program will be repeated and expanded to more cities.

HAVE PARTICIPATED IN THE CAREER TREK

The Malone Center for Career Engagement launched the Paladin Career Trek Program in the 2017-18 academic year. The program provides students with the opportunity to travel to cities throughout the country to explore career paths, identify job opportunities and connect with Furman alumni and parents working at top companies.
