## THE MEASURE OF A MENTOR

I JUST WANTED TO THANK you for including the article on Lt. Gen. John Mulholland in the winter *Furman* magazine. John is most definitely a larger-than-life guy and a leader we all have to thank for our ongoing success against those who would do the world harm.

I also wanted to comment that, even though John says he was a "square peg in a round

hole" at Furman, he is definitely a "square peg in a square hole" in the Army — and we even used that term back then in Furman ROTC. I was part of a small but lucky group of military cadets within John's Ranger Battalion my freshman year (1977–78). We were amazed at his having already completed Airborne, Air Assault and Ranger schools.

I didn't realize it at the time, but looking back I believe I learned more from John that year about being a leader, being persistent, being committed, and doing the honorable thing than I have from any other person or organization since. I am now a colonel in the U.S. Army Reserve, and I still frequently think back to that year with gratitude and appreciation. In fact, from that small group came one general and three colonels, maybe more. Not a bad measure of a mentor.

Furman has a strong history of great officers coming out of its Army ROTC program, and I hope the university continues to support it. There are many ways to learn and serve, and the military continues to lead the way with great examples like Lt. Gen. John Mulholland.

## GOOD ISSUE

I AM A 1984 FURMAN GRADUATE and just read the winter *Furman* magazine cover to cover. Every article was so fascinating and informative. I work at an elementary school and we are working on our magazine now, so I know how much work goes into writing, proofing and finishing a magazine.

Thank you for your outstanding work. The magazine makes me an even prouder FU alum.
